Balance Pronto Meal-7 Protein

Balance Pronto Meal-7 Protein is a nutrient-dense meal supplement with complete protein, healthy fats, a very low glycemic impact, and nutrients predominantly in their bioidentical forms. It features HydroBEEF™, a highly concentrated pure bone broth protein isolate sourced from animals raised in Sweden without hormones, and fed a diet entirely free of GMO grains, grasses, hay, and/or ensilage. The protein is produced through an exclusive hydrolysis and ultra-filtration process that enables the protein to be hydrolyzed or 'split' into a high concentration of functional peptides. Delivering protein in the form of peptides allows for easier absorption and assimilation.

Balance Pronto Meal-7 Protein is the perfect choice to complement any meal that may be lacking in calories and nutrients, or as a quick, convenient, nutrient-dense snack. It is available in chocolate flavor and is sweetened with stevia leaf extract.

Made with non-GMO

SIDE EFFECTS No adverse side effects have been reported.

STORAGE Store in a cool, dry place, away from direct light. Keep out of reach of children.

Directions

Mix 1 scoop of this product with water or the beverage of your choice, once daily or as recommended by your health care professional.

Does Not Contain

Eggs, dairy, soy, fish, nuts, shellfish, peanuts, gluten, yeast, artificial colors and flavors.

Cautions

If you are pregnant or nursing, consult your physician before taking this product.¹
